 EmnaAbbassi

PERSONAL PROFILE

I am a final-year Computer Engineering student currently studying abroad in Germany. I have a passion for software engineering and a strong interest in artificial intelligence. With a diverse skill set and a commitment to learning, I strive to contribute meaningfully to technology and innovation.

Education

Hochschule Schmalkalden, Germany , Exchange program in Computer Science	Oct 2024 - present
Private Engineering and Technology School ESPRIT- Honoris Group, Tunisia , Engineering degree in Computer Science Science	2020 - present
Kasserine High School, Tunisia , High School Diploma in Experimental Sciences	2017 - 2020

Experience

IDOS Digital , Engineering Intern	July - Aug 2024
<ul style="list-style-type: none">At Idos Digital, I worked as a Full Stack Developer, specializing in Spring Boot, React.js, MongoDB, and AI technologies. Project: ProHire	
NAS TEK Paris , Engineering Intern	July - Aug 2023
<ul style="list-style-type: none">Focused on developing and optimizing native Java applications, ensuring high performance and scalability.	
Simplon , Engineering Intern	July - September 2022
<ul style="list-style-type: none">Focused on web integration using HTML, CSS, Bootstrap, and SASS to create responsive and visually engaging web pages.	

Projects

MedicolGes	Jan - May 2024
<ul style="list-style-type: none">I work as a Full Stack Developer on a project for an Algerian laboratory. Collaborating with a team of 5 members, we are developing a full stack JavaScript platform	
Devops-Achat	Mar 2024
<ul style="list-style-type: none">Developed a CI/CD pipeline using Jenkins for automating builds, testing, and deployment. Integrated Docker for containerization	
E-FIT	Feb-May 2023
<ul style="list-style-type: none">Developed a Symfony application with a Java backend and a mobile component using Codename One, designed to help users track fitness progress, plan workouts, and connect with personal trainers	

Skills

Modeling and Methodologies: UML, Agile, Scrum

Programming Languages: C, C++, C#, Java, PHP, JavaScript, HTML, CSS, TypeScript, R, Python

Frameworks: MERN Stack (MongoDB, Express.js, React.js, Node.js), Symfony, JavaFX, Qt, Codename One, Angular, Spring Boot, Laravel, Django

Databases: MySQL, PL/SQL, SQL Server, Oracle, MongoDB

Others: Linux, Artificial Intelligence, Microservices, DevOps, Software Testing and Validation

Languages

Arabic : Native	French : B2	English : B2	German : A1
